

Said
In Cypress

That T. J. Boyd sends a post card with his new address and a well-drawn map showing just how to get to their camp site on the Colorado river near Earp. He brags just a little about the 75 blue gill and sunfish he has caught to date—but admits he hasn't got a catfish yet. We wouldn't know which was the business end of a fishpole, but the thought of those wide, open spaces sure appeals to us!

That Robins Cleaners has a novel new floor covering which improves working conditions for proprietor Bill. The blocks of floor covering, manufactured from rubber, lock together like a jig-saw puzzle. Much easier to stand and walk on than cement, eh Bill?

That we learned enough little bits of information this week to "Winchellize" our column. So here goes:

What genial gentleman now losing his teeth one by one by frequent visits to the dentist, complained that the menu had no items that he could manage? The next time he showed up, there was a food grinder clamped at his place, with a piece of meat all ready and waiting.

What two men, "baching" it for the evening, prepared a plateful of delicious fried chicken, complete with gravy made in the frying pan and proceeded to eat same with gusto. It was not until a while later that friend friend picked up the container from whence hubby had sprinkled the "white" cornmeal so generously. Yes, there's one soap that "diz" everything!

What car-hop counts calories religiously for her reducing diet, being very careful that they add to just the correct amount each day? Then wonders why she doesn't lose, when she finishes with a slice of pie, just before going home?

What popular young man is wearing dark, dark glasses these days and missing out on social engagements because of certain painful body injuries?

That if anyone would like to invite us out of town for the next few days, this would probably be the best time of any for us to "get away."

Allen Home Scene Of Shower Given For Mrs. Kolosky

It was really an "enchanted evening" when Mrs. Preston Allen honored Mrs. Andy Kolosky at an anticipation shower Tuesday evening in her home at 8671 south Walker street.

Bade to the Allen home early in the evening, the honoree was detained in the kitchen as guests gathered quietly in the front part of the house. The surprised Mrs. Kolosky was greeted by her friends and neighbors in a room of soft lights and lovely floral decorations.

Appearing before her, two tiny "fairies" chose her as the "queen" in the group, and after chattering noisily, left the room, only to return a few seconds later with a lovely corsage of tiny pink rose buds and a bathnet full of gifts. Mary Lee Allen and Jeanette Ferguson were resplendent in pink and blue crepe paper dresses, complete with wands which the thoughtful hostess had fashioned for the occasion.

Mrs. Arnold Holborow presented two vocal numbers, and Mrs. Allen and Nancy gave a humorous reading. A poem, "Nightie Nightie," was given by Mrs. Lawrence Hall.

A tall stork centered the buffet table where dainty open-faced sandwiches made with pink and blue bread, relishes, assorted cookies, punch and coffee were served later in the evening.

Guests sharing in the festivities were Mmes. Lola Boomer, Wilton Aplanalp, Bill Almand, Olive Williams, Paul Johnston, Andy Mattel, Joe Ferguson, Ocie Ferguson, J. A. McCoy, G. E. Riddle, Arnold Holborow, Myron Hamilton, Lawrence Hall, Julia Smith, Harold Weaver, and the Misses Jeanette Allen, Doris Grievy, Irene Gillis, Gayle McCoy, Nancy Allen and Olga Ronconi.

Show Close Race In P.T.A. Drive

October 25 Miss Dickerson announced the percentages of the P.T.A. membership drive. The percentages are as follows: Mrs. Harding 26%, Mrs. Thompson 30%, Miss Dean 33%, and Mr. Rowe 32%.

The rest is of the upper grades: Mrs. Arnold 63%, Mrs. Lissner 45%, Mr. Keefe 30%, Mr. Visel 38%, Mr. Winsor 35%. Miss Dean is leading in the lower grades, and Mrs. Arnold in the upper grades. The contest began October 13, and will end on November 4. Why not help your class win a party?

GOOD CROWD IN ATTENDANCE AT DINNER HONORING CHAMPS

Honoring players of the champion Cypress Merchants softball team, members of the chamber of commerce and friends were hosts at a community dinner Monday evening in the school utility room.

Planned as a pot-luck affair, the dinner was capably served by wives and young women, some of whom are members of the girls' softball team. Mrs. Richard V. Hathcock was in charge of arrangements and was assisted by an enthusiastic committee.

Receive Trophy
Harry Fox, president of the Norwalk chamber of commerce, presented the championship trophy on behalf of the Norwalk softball league. In accepting for the team, Frank Noe, secretary of the local chamber, paid tribute to Richard Hathcock as manager of the victorious team.

Dwayne Robinson, director of physical education in the Norwalk elementary schools, presented individual awards to each of the Cypress team. Receiving miniature bronze softballs were Eddie Arbisio, Ronald Bader, Norman Duncan, Johnny Borges, Glen Falls, Oscar Kaufman, Alex Wilson, L. W. Zeulnor and James Wright. Players not able to be present were Bruce Anderson, William Boeckeler, Frank Ferreira, Richard Gulman and James Heffron. Robinson pleased two small, surprised, oat boys with similar honors when he presented Richard Hathcock and "Butch" Wilson with the individual awards, also.

James Wright, who was lauded for his two home runs in the final game of the playoff series, responded in a humorous vein for himself and his teammates.

Musical Program
Under the direction of Miss Gania Demaree, director of choral music at Anaheim union high school, members of the Mozart chorus presented three numbers. Especially enjoyed were two numbers by the group's soloists, Dolores Giardino, a freshman this year, Marilyn Schimming was the accompanist.

During the meal and later, Esther Mata pleased her audience with several piano accordion renditions. Esther is a student in the Cypress elementary school.

Art Contest For Children

Miss Dickerson, in an announcement this week, wishes to call attention to the opportunity which will be given children to display their talent in Anaheim for the annual Halloween festival.

The Junior chamber of commerce, 139 So. Los Angeles st. will provide orange, black and white paints, and brushes. Young artists are invited to paint windows for fun—and prizes, on Friday and Saturday. They may choose any store window they wish. Selection of winners will be made Sunday. Cash trophies and ribbons will be awarded.

In addition, if the winner of the first prize has painted his picture on the window of the Garey furniture company, a \$25 cash prize will be personally presented to the lucky contestant.

Nazarene Church Holding Revival Services Here

Revival services are being held each night except Saturday in the Cypress Church of the Nazarene, 9021 Walker street. They will continue through November 9, Rev. William D. Howard, pastor, has announced.

The public is cordially invited to attend the meetings and hear Rev. Howard T. Lewis, of Pasadena, leading evangelist during the period. He will introduce something new in the way of evangelism.

Mr. Lewis has tested his program successfully in the pastorate where he has served at Grove City, Pa., Toronto, Ohio; Gary, Ind., and Kansas City, Mo. He calls it a "crusade for souls" campaign.

BIBLE SHORTAGE

In Germany, the home of the first Bible printed from movable type, the shortage of Bibles is greatest today. It is estimated that ten million Bibles are needed to meet the needs. The American Bible Society is supplying paper and binding materials so that the books may be produced in Germany.

Lone Bandit Robs Store

Late Saturday evening, a so-called "customer" walked into the Cypress Beverage store, asking for a small purchase. When co-owner of the store, Elmer L. Klamroth sought to oblige, he demanded the contents of the cash drawer, holding the attendant at gun's point.

Threatened during the hold-up, Warren Ter Beest, who was visiting with Klamroth, was ordered behind the counter.

Clyde Arnold is the other partner.

The loss is covered by insurance.

Deer Beware Local Hunter

Friends of Eugene M. Heying, who is well known in the Cypress and Los Alamitos area, will be happy to learn of his good fortune this past week. He was informed by the California department of fish and game that he was one of the lucky hunters to have his name drawn in a two-day public drawing for a special license tag.

A successful applicant from a total of 7,019, Heying was one of 3,250, entitled to hunt for one week during the three-month island season. His tag was license No. 1647.

The happy hunter will see to it that he is no place else but Santa Catalina island from January 9-15 to use the coveted prize to his best advantage. He lives at 10942 South Pine street in Los Alamitos, and is employed at the Alamo supply company.

Mourn Passing Of Roy Grisbach Last Sunday

Burial services for Roy Cuthbert Grisbach, 4592 Merton avenue, who died Sunday, October 23, at the age of 44 in a Long Beach hospital, are being held today. Motell's mortuary has charge of the arrangements, with Rev. William D. Howard, pastor of the Cypress Church of the Nazarene, officiating. Interment will be in Sunnyside Memorial Park.

He was a native of South Dakota and came to California from Brookings in 1939 and moved to Cypress in 1946. He was a burner and welder.

The decedent was a member of the Buena Park lodge 357, F and A. M.

He is survived by his wife, Weltha; his parents, Mr. and Mrs. Frederick Grisbach, of Long Beach; his sisters, Mrs. Anna Early, Mrs. Edith McKown, and Miss Lucille Grisbach, of Long Beach; Mrs. Nelly Seeger, Mrs. Frank Perry and Mrs. Robert Budge, of Portland, Oregon; Mrs. Oscar Larson of Wisconsin; Mrs. Ernest Cornal of East Saint Louis, Illinois; and Mrs. Florence Dennis, of Waterford; three brothers, Herbert, of Portland; Raymond of Pismo Beach; and Clare of Long Beach.

MONDAY LAST DAY FOR EMPLOYERS TO FILE RETURNS

Last day for filing unemployment insurance returns and reports for the third quarter of 1949 is Monday, October 31, employers of Orange County are reminded today by R. C. Hiatt, California Department of Employment auditor.

Penalty and interest charges will be assessed on delinquent returns, Hiatt said. "Frequently, employers become delinquent in filing their returns only because they fail to note the passage of time. The Department of Employment is seeking to avoid the necessity of assessing penalty and interest by calling attention of employers to the delinquency date."

Employers who need assistance in completing their forms may obtain it at the department's audit district office at 1104 West Eighth St., Santa Ana, Mr. Hiatt said.

The cultivation of apples began before recorded history. The remains of the fruit have been found in the prehistoric Lake Dwellings in Switzerland.

Why the Red Feather? In ancient China, the robe of state, or "Hagoromo," was fashioned of carefully selected feathers dyed red.

It could be worn only by distinguished public servants who had made an outstanding contribution to the welfare of the community. Indian lore says that a vermilion-dyed feather was a symbol of achievement and education.

Today, the Red Feather, official emblem of the Community Chest in America, is a reminder to "Give—Give Enough!"—enough to help the fourteen thousand social, health, recreation and education services which are supported by contributions to the Community Chest.

DUCK HUNTERS NEED MIGRATORY STAMPS

Practically two more weeks remain in the duck hunting season in this district. All duck hunters must purchase a migratory bird hunting stamp, which are on sale at the post office.

Mrs. Ruth Pugh, postmaster, announces that the cost of the stamp this year will be \$2.

The \$1 increase in price this year will give additional money for protection, administration, and refuge acquisition, according to the U. S. Fish and Wildlife Service.

November ninth is the closing date of the first period open for duck hunting.

Community Chest Drive Extended

Mrs. T. J. Purdy, 5561 Saint Ann avenue, local chairman of the Cypress community chest drive, has received word from Anaheim headquarters that the period for soliciting funds will be extended through next week.

Both county and local volunteers workers are hoping that the total sum may be added to considerably in the week allotted. Anyone wishing to make a contribution may call Mrs. Purdy at Anaheim 60296.

Local Doggie Wins Ribbons

Mr. and Mrs. Frank Buzzo, who entered their dog in the Anaheim show last Sunday, were pleasantly surprised to have a new record with 623 entries.

The Labrador retriever, a familiar sight on the streets in Cypress, is known by her nom de plume, plain "Newby." She won her awards under her real name, however, Rainbow Neaubian Princess.

The beautiful, black member of dog royalty is three years old.

Entertain For Camille Sandvig Monday Night

Miss Camille Sandvig was the honored guest last Monday evening when Mrs. Donald Van Buskirk was hostess at a miscellaneous shower in the Guy S. Irvine home at 8411 Gay street.

Many lovely gifts were presented to the honoree and games enjoyed. Refreshments were served at the close of a pleasant evening.

Present at the affair in addition to those already named were Miss Marie Hall and Mmes. Mary Ann Hall, Alice Page, Veda Randall, Julia Bouse, C. R. Gibbs, Tom Demiris, Jean Kreissler, William Miller, and Marie Davis.

FIREMEN CONTROL BIG BRUSH FIRE

Cypress volunteer firemen called to an extensive brush fire on Moody street Sunday afternoon were able to bring it under control without loss of property.

C. W. Jones, who lives on Crescent street, observed the blaze and put in the call to the fire home at 8222 Moody street. Tony Andre was sleeping as the flames licked their way through the open field north of the house and dairy buildings.

Cause of the fire was unknown.

The United States Department of Agriculture says the 1949 apple crop is the largest in years, and that the quality, in general, is excellent.

49-ER WILD BILL SOWDER eyes the smooth puss of a jack o'lantern as La Vonne Hart, Miss Slick Chick of '49, queen of the Anaheim Halloween festival (left) and Dorothy Graham (right) examine his healthy growth.

VFW Masquerade Dance At Cypress Airpark Saturday: Everyone Welcome

All kinds of prizes being awarded for best costume, funniest costume and a balloon drop will feature the VFW Masquerade dance at the Cypress Airpark tomorrow night at 8.

The first public dance to be held in Cypress since the Volunteer firemen's monthly affairs were discontinued several weeks ago, it promises to afford local people with an evening of varied entertainment.

Music will be furnished by Ted Christian's band from Long Beach. He will play in the new hangar at the Airpark, where the Cypress Community Club held its dance recently. On that occasion, the hangar proved to have a good dancing surface and afford plenty of room for all to enjoy themselves.

Committeemen on the project have recruited their wives for the job of decorating the hangar. On the committee are "Peck" Pecarano, John Sutphin, Bill Hall, Frank Buzzo, and Dale Kroesen.

Sponsors of the dance have invited the public and say to "Come as you are or in costume—but no one should be dressed up."

As was mentioned before, there will be prizes awarded for the various types of outstanding costumes, a balloon drop with prizes to the persons getting specific balloons, and door prizes.

Tickets may be purchased from any VFW member or at the door.

Western Auto Supply Company Opens New Store for Cypress Area Today

Western Auto Supply company, known for many years for its popular branch and authorized dealer stores maintained throughout the seven western states, announces that Del Moeckly has been appointed authorized dealer for Cypress.

The new store, at 5523 Lincoln avenue, will operate under the name "Western—Gambles," with the words "Western Auto Supply" company prominently displayed on the sign.

The Western—Gambles store opening in Cypress today is among the first to display the big, new green and white sign. Concerning it, Moeckly said, "Of course, I am extremely proud

of being one of the earliest to have the new name on my store; but not nearly so proud as I am to be owner of a brand new, modern store with a third of a century of unblemished reputation already set squarely behind it—the same reputation that stands back of all Western stores. The only difference between my Western—Gambles and all other Western Stores is in the name.

"We offer the same greater savings, same services, same fine merchandise, same guarantee of customer satisfaction that folks everywhere in the west have learned to look for, and that I, personally, am going to see that the people of Cypress get from me."

Noe, Falls, Wilson Hit 200 Pins In Bowling; Cypress No. 1 Forges Ahead

Foster Noe outdid all other Cypress bowlers in the Tuesday night handicap league at Buena Park when he had a 1563 series with games of 228, 168, and 167.

Noe's team mates on the Cypress Merchants No. 1 failed to combine enough pins to down their opponents, the White Elephant cafe of Buena Park, however, and the team took the count with 3 losses and 1 win.

As a result of the outcome, the No. 1 team slipped from third to fourth place in the league standings.

No. 2 Team Successful

Leading the Tuesday night league, however, is the Cypress Merchant No. 2 team, which was sparked this week by the steady rolling of Salty Falls and Whitey Wilson.

Their opponents for the last match was their nearest contender for the lead position, Lalicker's Dry Goods. The local Keglers took four straight points, though, which strengthened their lead considerably. Wilson and Falls both rolled 200-plus games during the series.

Triangle vs Bowl
In the women's division, the Triangle Drive-in vied for honors with Buena Park Bowl Wednesday and came out the 2 to 1 loser. After last week's tough match with the league leading Hunt Foods outfit, the Triangle Keglers seemed to be off their usual form, rolling unusually poor games.

WILL PRESENT SKIT TODAY'S ASSEMBLY
by Ivey Giles, 6-A
Mr. Visel's seventh grade of Cypress school will put on a fifteen minute skit at the assembly in the school auditorium this morning, October 28. The name of the skit is "Operation Midnight."

Members of the class are in the play. The two main characters are Joe Huckabee as the patient and Eldon Laird, surgeon. We hope the play is a success.

PARK BOARD PLANS MEETING WEDNESDAY OPEN TO PUBLIC

Special Notice

Parents of children who attend the Cypress elementary school are reminded of a four-day holiday, beginning on Thursday, November 10.

Teachers will attend a county-wide institute on that day, and school will not be in session. The following day, Friday, November 11, is Armistice day, and there will be no school.

Classes will be resumed as usual on Monday, November 14.

Crash Victim Holding Own

A report from Anaheim community hospital indicates that Manuel De' Almeida is getting along satisfactorily.

He sustained serious injuries last Friday noon when he was struck by a school bus, which was involved in a collision with an automobile on Grindlay avenue. De'Almeida had been talking with the driver of the latter.

Just starting on his pick-up of students, Price Siebert, driver of the bus was its only occupant. Frank Cardozo, 9391 Grindlay street, was driver of the car. The accident occurred in front of his home.

Travelogue

by James C. Duncan

We left Genoa at 4:00 a.m. and at 11:00 the same morning, we arrived in Leghorn which is also known as Livorno, Italy. Entering the harbor was a tricky feat. Two ships had been sunk at the mouth of the break water which closed the harbor during the war. Now a cut had been opened between the two ships just wide enough for a ship to slip through. There was about three feet clearance on either side of the Mount Davis as she entered the harbor.

Upon docking, Lenny and I went ashore. We were dumbfounded at what we saw. The whole city was in ruins. Nothing but shells of buildings stood grotesquely against the sky with heaps of rubble piled upon the sidewalks to clear the streets. We saw but very few buildings that weren't damaged. Families were living in basements of buildings or on the ground floor where maybe a battered roof covered their heads against the chilly winds and frequent rains.

Small children ran about playing on heaps of brick and trash. Small, pitiful, hungry faces watched us wherever we went. As they played about the ruins they were constantly on the look-out for something valuable or something that could be eaten.

There were very few people in the city. Those that had stayed or had come back to what was left walked slowly here and there searching for something valuable that might be traded or sold for a bite to eat. Never have I been so moved by what I saw. Walking down the near empty streets and listening to our footsteps echo in the empty buildings or listening to the wind

(Continued on page 5)

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the Enterprise, Anaheim 60355, with their information.

SUNDAY—OCTOBER 30

WHAT WE ARE THINKING

We have felt for some time that this newspaper should state publicly its feeling toward the choice of material chosen to grace its editorial columns.

We have this past year more or less taken to straight reporting of the news, preferring to let our readers draw their own conclusion. We have tried to include editorial material on our editorial page which would be timely and give cause for additional thinking on the part of the reader. Use of this "canned material" is not frowned upon. The only question involved is whether or not the editor wants to exercise his precious right to the expression of his own point of view.

This newspaper is a member of the California Newspaper Publishers' association which sets forth in its statement of policy this thought: "It (the publication) affirms the obligation of a newspaper to frank, honest, and fearless editorial expression."

One editor expressed it this way, when he told a group he was addressing, "One mark of a timid newspaper is the absence of an editorial page. . . . A newspaper which has no editorial page is like a college boy who never wants to kiss a pretty girl. . . . is like a woman who buys the first hat she tries on her head. A newspaper with no editorial page has only synthetic circulation because it has no blood, and no heart."

Frankly, in a community as small as Cypress, and as few years young as it is in its experience of having a newspaper of its own, we have learned that the town is not mature enough to receive the baptism of editorial opinion, when expressed either for or against a subject.

It is our opinion that an editorial is written to express a strong emotion, just as an artist is inspired to paint and a musician gets the urge to compose or the poet to pen his thoughts in rhyme. We may be wrong, but we feel that few things in Cypress the past year have been of strong enough portent to give rise to such an outburst of editorial expression.

You may be sure that in cases where we feel it is needed, this newspaper will not hesitate to express itself editorially somewhere in its columns. In the meantime, we shall give credit to the source of our material which is borrowed from others with a by-line.

THE CRASH — 20 YEARS AFTER

Coming up soon is the twentieth anniversary of an event which most of us would like to forget, but many will painfully remember. The date is October 29.

It was on that date in 1929 that the stock market began the nose dive that led into the depression of the early 30's. Stock prices dropped \$14 billion that day and the next day the situation was worse. Then followed several days of heavy buying and strong rallies. It began to look like the decline was over. But by November 5, the down-trend had again set in and on November 6, the bottom fell out.

It's worth noting that the likelihood of another such crash is extremely remote. To be sure, stock market prices can go down quite easily at times, but the market is in sounder condition now than it was 20 years ago. Margin requirements are stiffer and the general public, especially the little fellow, isn't playing the market as he did in '29. — California Commentator

NAVY DAY

The celebration of Navy Day today, October 27, comes this year at one of the darkest hours in the history of our sea forces.

The extensive cuts in naval power in favor of air power is causing grave concern among top navy men. Even the public is beginning to wonder if the emphasis on air strength at the expense of our sea arm isn't being carried a bit too far.

As laymen, we are in no position to determine whether the present policy of our national defense department is a wise one or not. We know, however, that in the last war as in all other conflicts where naval power could be used, the American Navy has done a magnificent job. And we have no doubt that, given the proper weapons, the navy will perform just as admirably in any future crisis. — California Commentator

FALLING ON DEAF EARS!

I RISE TO REMARK

by John Phillips

The periodic "questions and answers" hour in the British House of Commons is something we could well copy in the Congress. It is strengthened by the requirement that Ministers (Cabinet officers and department heads, to us) must be members of the Parliament. That is good, but would be more difficult in our country. The British system of Congressional Districts (translating this into our terms) is more adaptable. Minister may be selected and then given a District by his party, from which he can be elected.

The questions and answers period is the direct result of this closer relationship. The questions are handed in, in advance, indicating the Minister to reply, and are printed. The Speaker calls the names, in order, and the Members will say, "No. 33, Sir" and the Minister will give as much or as little information as possible, just as in any representative body.

Mr. Phillips and I were in the Gallery yesterday, for the questions and answers. Here are a few.

Questions Asked

"NO. 28, Mr. Spence. To ask the Secretary of State for Scotland, whether he will consider revising the date under which the ploughing subsidy is payable in the North of Scotland, having

regard to the fact that much of this work is done in the early spring." The British are evidently having subsidy trouble too. The answer had a familiar ring; the date had been set by the Parliament!

"No. 36, Mr. Piratin. To ask the Prime Minister whether, in view of the refusal of the United States government to give His Majesty's government information in the technical use of atomic energy he will consider approaching the Soviet government in order to obtain this information." The answer was "no"—producing other questions, and bringing out the dry comment by the Prime Minister that the Soviet government seemed reluctant to give information on any subject.

Question Cripps

Sir Stafford Cripps was subjected to severe questioning on whether policy announcements would be made first in the House of Commons, or in public speeches elsewhere. That also had a familiar sound to our American Representative, who sees and hears national policies discussed or announced in the press or over the "wireless" (as the British say) before they are given to the Congress.

We leave tonight for the boat. The next weekly letter will be mailed in Washington. Look for me back in California about the middle of November.

Have You Tried These Cypress Business Firms Lately?

Central Feed Store

This firm at 4882 E. Lincoln, in Cypress, phone Anaheim 6172, is well-known in this community for straight-forward business dealings, and offers the public first class service in feeds and poultry needs. Prices are as low as possible to be consistent with high quality.

Extensive dealers in high grade poultry and dairy feeds for all purposes, Central Feed store has a reputation far and wide as businessmen of wide experience and straightforward

business dealings.

The owner, K. D. Tillemma, has made a scientific study of the territory in feed and secures special brands that suit the trade or this section of the state. Every buyer of feeds should call around here occasionally and see how production can be increased.

Direct your attention to this establishment as a reliable business institution, featuring garden seeds and equipment and pet supplies. — Adv.

Cypress Lumber Co.

For the best in lumber, hardware, paints and all kinds of building materials get in touch with this reliable firm at 8952 Electric in Cypress, Ph. Anaheim 6127.

You will always find their im-

mense stocks complete and the material they handle is of the highest quality.

The Cypress Lumber Company is known to many of our readers. You may depend upon what they tell you about lumber and building materials, and they are able to provide the highest quality at the fairest price.

Let this reputable firm give you an estimate on your next building bill, and they will assist you in securing the best at the most reasonable prices.—Adv.

Mr. and Mrs. L. Petrie, Belmont street, left Monday for a visit in Mexico City. They were accompanied on the trip by their daughter, Mrs. Melvin Coburn.

WHAT PRICE FREEWAYS?

A Property Owner Tells Of Fight for Rights on Freeway

There is age-old battle being waged today in our county and state between the forces of arrogant bureaucracy and the people. In Orange County alone, many families and hundreds of thousands of dollars worth of their property are affected.

The citizens unfortunate enough to be in the path of the all-powerful Department of Public Works find they are up against an organization that bears a remarkable resemblance to the Kremlin. The men who head this department are seemingly accountable to no one except to God. They are not even required to submit to an independent audit.

The methods used to obtain rights-of-way are eye openers to the average citizen. On the right-of-way agent's first visit, you may be coerced by threats of bulldozers and condemnation if you do not accept their often ridiculous offers. This method is

sometimes successful with the aged, the weak, those ignorant of their rights, or the foreign born person whose citizenship status may be in doubt. The citizen who is more aware of his rights and who decides to fight this new form of tyranny will find himself obliged to devote most of his time and money to convince the agent that he should be offered the market value, which the law says he is entitled to.

You probably have noticed the freeway signs posted for several years along Manchester Blvd. A natural devaluation of property has resulted and the state now uses this forced false price as a basis for their offers. The "legal eagles" of Orange County are anxious to test in our courts the question of whether the Department of Public Works has the legal authority to impede business development and depress values for years along their proposed routes. This un-

certainty will be prolonged even after the soon-to-be-built four lane Santa Ana Parkway is completed. Under the present plan of building these highways piecemeal, property values and business development will be kept in cold storage another five years, or until the whim of whomever may be in power decides the taxpayers along Manchester have been the hot seat long enough. At this time, the whole procedure of surveying, appraising, negotiating, con-

demning, construction, and the resulting disruption will be repeated at the expense of the citizens of California.

Complacency is the fatal disease of democracy. It begins on the local level and penetrates upward through county and state. If we are to remain a "Government of the people, by the people, and for the people," we, the people, must show these men in high places that is still the people who are the government.

Wayne's For Flowers

You will quickly recognize this florist as one of the finest of its kind in this entire section. They are located in Anaheim at 142 E. Center, ph. Anah. 5465.

They fully understand the floral business from every angle and have well merited their high standing in the community. No difference for what occasion you wish your flowers you will find their services equally good. If you are entertaining and want something artful and clever to surprise your guests, you only have to make your request at this florist; decorations

for wedding or banquet; their service is unique for funerals, their designs assure you this final tribute has been most fitting and proper.

As designers of floral emblems for funerals or social occasions this firm has attained well merited fame as being artists of more than ordinary ability, and as a consequence their designs are distinguished for their appropriate appearance.

In making this review of the onward progress of this section, we deem it proper that prominent mention be given Wayne's for flowers.—Adv.

Paul's Radiator Repair

A complete radiator service is featured by this firm, located at Paul's Radiator Repair at 301 So. Los Angeles St. in Anaheim phone Anaheim 5567.

Specializing on any make of car or truck, they have the necessary equipment to take care of any kind of radiator work.

Five different classes are conducted at once in the auditorium of this Alameda county elementary school. The flimsy partitions do nothing to prevent the noise of one class from distracting all the others and at times teachers cannot make themselves heard

through the din. Children are being cheated when their schooling is in conditions like these. Proposition 1 at the emergency election, November 8, would provide money for such impoverished districts to give their children a fair chance at an education.

COUNTY SEEKS TO PUT CENSUS ON LOCALIZED BASIS

Necessity of giving Orange County "a clear picture" of its population got official attention today as Chairman Willis H. Warner of the board of supervisors sought to put the 1950 census on a "localized basis."

He said he will confer Monday with Guy Marion of Los Angeles Chamber of Commerce who has drawn up proposed maps and areas for bureau of the Census nose-counters who will begin the every-10-years job soon after Jan. 1.

Into the census deal moved the Associated Chambers of Commerce with a request that Orange county be separated from the so-called Los Angeles metropolitan area for the nose count, but Warner said he will take no part in this proposal at this time.

He wants, he explained, the census enumeration done on township and tract lines—so that the county can tell how many people live in established communities.

Leaders Are Tied In Bowling Leagues At Bowl In Latest Tally

WANTA LASSO A BEAR?

IT'S AGIN' THE LAW

California's estimated population of 20,000 bears are legal targets for licensed hunters until December 31, says the Division of Fish and Game.

Adventurous hunters may go after bruins with bow and arrow, but most of the expected annual takes of approximately 500 animals will be made with high-powered rifles. Trapping and lassoing, an old Spanish California custom, are now outlawed.

With a seasonal bag limit of two, bears may be pursued from one-half hour before sunrise to one-half hour after sunset.

The common apple appears in the mythology, traditions, history, and archeology of the most ancient nations. It is mentioned in the Bible, and in the earliest annals of China, Egypt, and Babylon.

STATE LISTS SHOW 90,020 VOTERS IN ORANGE COUNTY

Figures released recently by Frank M. Jordan, secretary of state, showed that of a total 4,568,447 registered voters, Orange county has 90,020. There will be 164 voting precincts for the coming special election November 8.

Jordan said that the over-all total was 493,550 less than were eligible to vote at last winter's presidential election. This was because county clerks and registrars had earlier this year purged over 850,000 from the rolls for various reasons. Since the purge, over 350,000 were added to the rolls, either by re-registering or otherwise qualifying.

Bowling Matches For Next Week

Listed below are the bowling matches for the league play for October 31 through November 4.

Monday Handicap
Monday, 6:45 p.m.
Alleys 1 and 2, Miss. Glass Pluralite vs Miss. Glass Syenite; alleys 3 and 4, Yeat's Dolls vs Dal' Union Service; alleys 5 and 6, Hancock Service vs Miss. Glass Broadlite; alleys 7 and 8, Miss. Glass Factorlite vs Club Cafe; alleys 9 and 10, Wilm's Towel Service vs Miss. Glass Luxlite.

Grove Hardware 10 14
Wilsey Dairy 7 17
Duvall's Plumbing 5 19
B P Lumber 5 19

New Pastor at Congregational Church Has Learned and Varied Career

Dr. Albert R. H. Miller, the new pastor of the Congregational Church, is a well-traveled man, having touched many foreign lands while serving as an army chaplain for 3½ years in transport duty and having lived in nearly every section of the United States in civilian life.

Norfolk, Nebraska, was Dr. Miller's childhood home. He received his degree of bachelor of arts at Drake University, Des Moines, Iowa; his Bachelor of Divinity at Yale University, in New Haven, Connecticut, and his S. T. D. (Doctor of Sacred Theology) at Temple University, Philadelphia.

He is the author of a book, "The Church and War."

Other Posts

Some of the pastorates which Dr. Miller has held have been at the Como Avenue Congregational church, Minneapolis, Minnesota; Hope Street Congregational church, Providence, Rhode Island and the First Congregational Church of Spearfish, South Dakota. While in South Dakota, the Millers were advised to go south because of the health of one of their sons, so they were at Manitou, Georgia, when World War II started.

Volunteering to serve, Dr. Miller attended the school for chaplains at Harvard University. As New York City was the home base for his transport, Mrs. Miller and their sons lived there during the war, so that he could see them whenever the ship came in.

North Africa, India, the Southwest Pacific, Australia, and Europe were all in his itinerary. He was in the invasion of Normandy in 1944.

Post War

At the close of the war, Dr. Miller was transferred to Fort Lewis, Washington, and the family lived in Tacoma. He ended his service there.

Going to Portland, Oregon, Dr. Miller was director of the united church ministry there, helping establish religious centers in new communities and settlements which had sprung up around the city.

Accepting a position of Dean of Men and professor of sociology and psychology in Defiance College, Ohio, Dr. Miller found the climate too rigorous and damp, and again went south, first to a small Congregational church in San Antonio, Texas, and then to Peecos, from where he came to Buena Park.

Three Sons

The oldest son, Albert Robert Miller, known as Bob, was in the service for two years. He is now a senior in Carnegie Institute of Technology, Pittsburgh, Pennsylvania. Cal Tech is his goal for next year.

A senior in Harvard University is the second son, Jerome E. Miller, and the third, Norman, is a student at Trinity University, San Antonio, Texas.

Mrs. Miller is gifted in music, and will use her talents in the choir.

Mrs. Miller is a native of New Haven, Connecticut, and studied voice, piano and organ in the New Haven School of Music. They met while he was a student at Yale university.

The Millers arrived at noon on Wednesday just in time to join the Welcome Bible class at lunch, and as Dr. Miller remarked, a most appropriate group with whom to share their first meal!

BABY GETS LICENSE

It takes all kinds of fishermen to make a world, the Division of Fish and Game has decided.

But the Los Angeles license office hadn't seen anything like the unusual application that passed over the desk recently.

It showed that angling license number 26C had been issued to one Glenn Burbank, 353 South Weatherly Drive, Beverly Hills; hair, black; eyes, blue; height, 23 inches; age, 1 day.

Don't Delay Xmas Mailing For Overseas

(From Buena Park News)

If you are planning to mail a Christmas parcel to someone stationed overseas, you don't have time to delay. Acting Postmaster Monte Inskeep announced this week that all packages destined for overseas posts should be mailed between the dates of October 15 and November 15. If these parcels are to be directed to a civilian overseas, the box should be in the post office by November 1 at the very latest, Inskeep said.

All parcels that contain Christmas gifts should be plainly labeled "Christmas Gift" on the outside wrapper, Inskeep said. The post office department will make a special effort to see that all parcels so marked reach their destinations before Christmas.

Before mailing a package overseas everyone is asked to come to the Buena Park post office and get instructions as to the proper size, weight and wrapping of the parcel. Declarations for foreign countries may be obtained at the local post office windows, and these should be properly filled out and attached to the package before it is presented for mailing.

If you have someone overseas to whom you wish to send a Christmas box remember the following: Shop early; call on the Buena Park post office for mailing instructions; obtain declaration slips and attach them to the box properly filled out; wrap your parcel according to post office regulations; mark it "Christmas Gift."

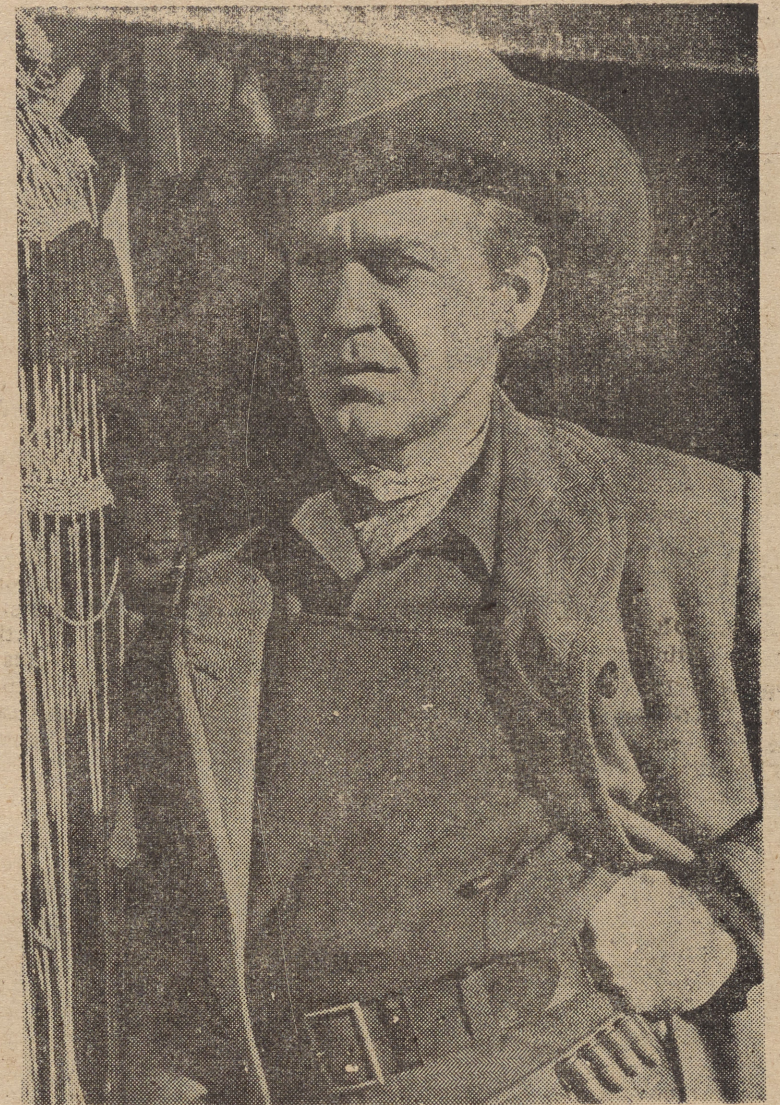

If these rules are followed, and you mail within the time limits mentioned above, your Christmas gifts will have a very good chance of reaching their destination in time for the holidays.

POTATO NESTS

If there are left-over mashed potatoes in your refrigerator, here's a tasty suggestion. Shape potatoes into little nests. Brush the nests with beaten egg and fill each with little balls of seasoned ground beef. Place nests in a moderate oven (350° F.) to cook the meat and lightly brown the potatoes.

WARNED TO CHANGE ADDRESSES

Many veterans training under the GI Bill did not receive substitute checks on time last month because they failed to notify Veterans Administration of a change in their address. The Post Office Department cannot deliver a government check to addresses not occupied by veteran payees.

SPECTACULAR HALLOWEEN PARADE AND FESTIVAL AT ANAHEIM next Monday evening, for two decades a highlight of Southern California, will be headed by Forrest Tucker, Republic Picture star. He will represent the hero type character in the "49ers" theme. The parade begins at 7 p. m., starting from Palm and Center Streets.

TRAVELOGUE—

Continued from page 1)
where the huge and ancient bells hang. The bells date back to 1173 A. D. when the Tower was first started.

Going up a few more stairs, we emerged on the very top of the Tower. Standing on the north side, we were 181 feet off the ground while standing on the south side of the Tower you are only 179 feet above the ground due to the degree of leaning. On the south side we stood in the spot where Galileo dropped the weights to prove his theory of gravity.

The bells in the Tower are rung every hour by an old bell ringer who has climbed the 279 steps for many a year in all kinds of weather. He let us ring one of the bells while we were up there.

Leaving the Tower, we entered the Cathedral and saw the chandelier that Galileo got his first idea for the pendulum. We also saw a painting of Christ which is painted in such a manner that no matter where you stand in the Cathedral, Christ is always looking directly at you.

From Pisa we returned to the ship. The next day we sailed for Naples, Italy.

CHECK OF CAR COOLING SYSTEM MAJOR STEP IN WINTER PREPARATION

A thorough check of the cooling system prior to adding antifreeze is a major step in preparing your car for winter driving, according to I. L. Pierce, national service manager of Ford Division, Ford Motor Company.

"Thousands of motorists lose their antifreeze every year through boiling away or leakage simply because they failed to take this precaution at the start of the season," Mr. Pierce explained.

"Not only should the hose lines and connections be thoroughly checked for leaks, but the radiator and the entire cooling system should be flushed out removing the sludge and dirty water, which prevents free circulation."

Helpful Steps
"Starting assurance" for your car despite freezing weather can be gained if the motorist also observes these few additional precautions:

1. Keep the battery fully charged and charging. A fully-charged battery will not freeze in temperatures ordinarily encountered, but a very low bat-

CYPRESS LOCALS

Earl Essex left Friday for Oakland, where he spent several days on business, returning Monday evening.

Mr. and Mrs. R. C. Cawthon left last week for Alamogordo, New Mexico. They will visit their son-in-law and daughter, Mr. and Mrs. Bill Ross.

Miss Carroll Dewell honored Mrs. Holiday with a post nuptial shower at her home in Cypress Manor last Friday evening. Mrs. Holiday, the former Pat Shodre, has been hospitalized due to complications following an appendectomy almost continuously since her marriage a month ago.

Mrs. Ray Edwards has been entertaining her mother, Mrs. Bertha Terry, who moved to the coast recently from Des Moines, Iowa. The latter is now at the home of her son in Coronado.

tery may freeze and burst the case open at temperatures not much below 32 degrees F. See that the generator regulator is working properly.

2. At the approach of cold weather, the crankcase should be drained, flushed and refilled with the correct grade of oil for the coldest weather you expect during the winter. Ford recommends use of SAE 10 or LOW oil in below freezing weather and LOW with one pint of kerosene added in extreme cold (colder than 10 below zero).

Fast Starting
3. See if the engine needs a tuneup to insure quick starting.
4. If the manufacturer recommends it, change to winter grease in transmission and differential. (No change is necessary for 1949 models.)

5. Have brakes checked for winter driving and be sure that tires are not worn so dangerously smooth they will make driving on icy roads doubly hazardous.

"Careful motorist will drive slowly until the engine reaches normal operating temperatures," Pierce said. "And by keeping the fuel tank full as much of the time as possible, they will prevent condensation of moisture and resultant freezing-up of the gas line. A good plan is to fill the gas tank at the end of the day's driving, rather than at the start."

FALL FLOWERS

A beautiful dinner of contributed dishes was served by the women of the executive committee at 6:30 p.m.

George R. (Bob) Cole is the president and Kelsey C. Williams, the Program Chairman.

The meetings will be held on the third Tuesday of each month here after, at Grand Avenue and Eleventh St.

CHRISTIAN SCIENCE TOPIC
"Everlasting punishment" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Proverbs: "The Lord is far from the wicked; but he heareth the prayer of the righteous."

In Matthew's Gospel it is related that two blind men followed Jesus, saying, "Thou son of David, have mercy on us." And Jesus saith unto them, Believe ye that I am able to do this? They said unto him, yea, Lord. Then touched he their eyes, saying, According to your faith be it unto you. And their eyes were opened;...As they went out, behold, they brought to him a dumb man possessed with a devil. And when the devil was cast out the dumb spake."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

C.N.P.A. MAILING SERVICE
Jacquie Manning, Bonnie Maughan and Dee Adrian (top to bottom), flower girl trio for the Tenth Annual Southern California Fall Flower & Garden Show set for Nov. 3-6 at the Fannie E. Morrison Horticultural Center, Brookside Park, Pasadena, pose with prize-winning chrysanthemums to be seen at the four-day floral event. Show, fifth largest nationally, annually attracts spectators from all parts of the country.

School News
Cypress Elementary SchoolFOURTH GRADE GIRLS
BROWNIE TROOP 21

Newly formed at the opening of school, Brownie troop 21, has enjoyed two meetings since its organization. The first, of educational nature, was a visit to the station of the Cypress volunteer fire department. A. E. Arnold and W. J. McCoid explained equipment and fire methods in an informal tour.

On Wednesday evening they gathered for a wieners roast at the home of Mrs. Virginia Daniels. Potato salad, sliced tomatoes and cocoa with marshmallows were served, with decorations in the Halloween motif to add to the festive affair.

The Brownies are fourth graders in the local elementary school. Their leader is Mrs. Esther Torrence, and she is assisted by Mrs. Daniels and Mrs. Edna Mahaffie.

The troop won a yellow ribbon in the parade on White Gold day.

SPORTS EVENTS
IN LOWER GRADES

The final standings of the fourth and fifth grade football league were as follows:

	W	L	T
T N T	4	1	0
Redskins	4	1	0
Dons	4	2	0
Aztec	3	3	0
Rams	2	3	1
49ers	1	4	0
Mayans	0	5	0

In order to determine the champion, T N T will meet the Redskins and the winner will play the Dons for the championship. The winners will receive free ice cream.

Softball Tourney
A fifth and sixth grade softball tournament will start soon. Teams from Miss Dean's room, Mrs. Lissner's, Mrs. Arnold's and Mr. Rowe's will compete with one another. The winners will receive free ice cream. The tourney will be conducted as a round-robin, each team playing every other team twice.

Members from Mr. Rowe's room will be Marjorie Zwart, pitcher and captain; Susanne Lukens, catcher; Frances Rule, first base; June Morimoto, second base; Barbara Rodriguez, third base; Virginia Rodriguez, shortstop; Ruth Simpson, left field; Patty Saylor, center field and Patty Van Elk, right field.

An affirmative vote on the first ten amendments was recommended.

A beautiful dinner of contributed dishes was served by the women of the executive committee at 6:30 p.m.

George R. (Bob) Cole is the president and Kelsey C. Williams, the Program Chairman.

The meetings will be held on the third Tuesday of each month here after, at Grand Avenue and Eleventh St.

CHRISTIAN SCIENCE TOPIC
"Everlasting punishment" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Proverbs: "The Lord is far from the wicked; but he heareth the prayer of the righteous."

In Matthew's Gospel it is related that two blind men followed Jesus, saying, "Thou son of David, have mercy on us." And Jesus saith unto them, Believe ye that I am able to do this? They said unto him, yea, Lord. Then touched he their eyes, saying, According to your faith be it unto you. And their eyes were opened;...As they went out, behold, they brought to him a dumb man possessed with a devil. And when the devil was cast out the dumb spake."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

C.N.P.A. MAILING SERVICE
Jacquie Manning, Bonnie Maughan and Dee Adrian (top to bottom), flower girl trio for the Tenth Annual Southern California Fall Flower & Garden Show set for Nov. 3-6 at the Fannie E. Morrison Horticultural Center, Brookside Park, Pasadena, pose with prize-winning chrysanthemums to be seen at the four-day floral event. Show, fifth largest nationally, annually attracts spectators from all parts of the country.

A versatile floor plan which has gained exceptionally wide approval during the last few years adds appeal to this house, designed by Matern and York, architects. The dwelling is Plan No. 34, selected by American Builder, 30 Church St., New York 7, N. Y., for its distinctive planning.

Although all rooms are on one floor, the house is compact and the rooms are arranged conveniently. Depending upon the needs of the family, there could be either two or three bedrooms, the authoritative building magazine says.

The bedroom adjoining the kitchen could be adapted as a separate dining room. In that case, the wall between the living room and the kitchen could be extended to close off the doorway between the kitchen and the dining alcove.

For exterior sidewalks, the architects specify a combination of three materials—stone, shingles, and grooved boards applied vertically on the gable ends. The roof, pitched at a greater angle than is usual with modern homes, is covered with fire-resistant asphalt shingles. A softly blended asphalt shingle color is suggested for completing a harmonious exterior appearance.

The front door, situated in a corner of the house, opens into a small vestibule which includes a closet for outdoor garments. The living room, with a fireplace at one end, is proportioned for easy furniture arrangement.

There are nine closets, giving ample storage space. A full basement is provided.

Area of the house is approximately 1,100 square feet, a figure useful in estimating construction costs.

(Detailed estimating plans and a complete home planning packet of building information are available from American Builder, 30 Church St., New York 7, N. Y. Refer to Plan No. 34.)

Issues On Ballot In November Election Listed

One of the last acts of California's 49er session of the State Legislature was to schedule a Special Election for November 8 — and already the ballot battles are warming up.

The measures as they will appear on the November 8, 1949, ballot already have been announced by Secretary of State Frank Jordan and are as follows:

Proposition 1 is to authorize a \$250,000,000 bond issue for vitally needed school building construction. The measure was passed by the Legislature and referred to the people.

It was the urgency of Proposition 1 which prompted California's lawmakers to call the November Special Election — for, as pointed out by school authorities, if the buildings are not completed within the next two or three years, the state's school children will have trouble finding space for their school books, much less desk space.

As it will take considerable time to complete construction of the buildings even if the people approve Proposition 1, the Legislature decided that the voters should be permitted to render their decision this year rather than waiting for the 1950 General Election.

Proposition 2 is an initiative measure which would maintain pension payments to the aged of \$75 monthly and to the blind of \$85 monthly, but in all other respects repeals outright the "fine-

Hornets To Face Chaffey; Drop Game To Coast

The Fullerton junior college Hornets prepared earnestly today for their game Saturday with the powerful Chaffey junior college Panthers following their disastrous game last Friday with Orange Coast which was won by the Pirates, 12-0.

In Friday's fray the Costa Mesans garnered their first touchdown in the first three minutes of play when they recovered a Fullerton fumble on the Hornets six yard line. The Pirates' second teedee came late in the fourth quarter when a fourth-down Fullerton pass fell incomplete giving Coast the ball on the Hornets' 31 yard marker. Orville Threadgill threw a 30-yard pass to Tom Rogers for the tally.

Bob Ferguson was the standout for the Fullertons, carrying the ball for a total of 60 yards.

print" provisions of the McClain pension scheme (Proposition 4 on last year's ballot.) Since the election many people have openly said that if they had read the "fine print" they would not have voted for No. 4 as they did. Had it been studied and understood, it is more than likely that the very small margin by which it passed would have been completely reversed.

Official sponsor of Proposition 2 is the California Council for the Blind. A sampling of the other organizations which are working for passage of Proposition 2 include the following: California Congress of Parents and Teachers, California Association for Social Welfare, California League of Women Voters, California State Chamber of Commerce, California Farm Bureau Federation, California Taxpayers' Association, California Federation of Business and Professional Women, and many others.

Proposition 3 would increase legislators' pay to \$300 monthly. This measure, however, also would limit the number of days any lawmaker could serve on an interim committee as well as the amount of per diem pay any solon could receive. Proposition 3 appears to be an honest attempt by the Legislature to provide adequate salaries for members while tightening the rules governing interim committees so that they serve to the maximum benefit of the public.

Propositions 4, 5, 6, 7, 8, 9, 10, and 11 would weed out obsolete sections of the State Constitution. For instance, a provision covering the expenses of delegates to the Constitutional Convention held 71 years ago would be eliminated. In addition, the provision permitting the City of San Francisco to sell bonds of the 1915 Exposition celebrating the opening of the Panama Canal would be nullified. That section of the State Constitution setting the effective date for prohibition would be dropped, too.

Proposition 12 is an initiative calling for daylight saving in California from April 15 to September 15 each year. Official sponsor for the daylight saving measure is the California State Junior Chamber of Commerce.

It is readily apparent that Propositions 1, 2, and 3 are extremely important to every Californian. The results, in each case, will affect the welfare of the State for many years to come. And Proposition 12 is by no means a simple issue for it will be a contest between those who want more convenient time for play and those who need sun time in order to save crops and to maintain legitimate business operations involving earning power.

Shall our citizens again fall in their duty? Here is an opportunity for each one to prevent such a fiasco by getting actively interested in the coming election and participating in such ways as his own experience may dictate.

In this regard, every voter should know and understand each proposition; and every voter should vote!

While the ballot battles rage throughout September, October, and November, all who desire will be able to familiarize themselves with the issues. But don't forget — and it is wise not to delay: if you want to vote, you must be registered!

Daylight Saving — Good or Bad?

It is going to be interesting to sit in the grandstand and watch the campaign battlelines develop on Proposition 12, the Summer Daylight Saving measure, up for decision at the state polls on November 8.

A former Cypress resident, Clarence Smith, described as a "noted California dairyman," spoke recently before the California State Chamber of Commerce against Proposition 12. A representative of the agriculture committee, he pointed out that "California's entire agriculture industry, grossing more than two billion dollars annually, is strenuously opposed to any changes from standard time unless warranted by local or national emergency."

"Because farmers and dairymen patriotically accepted 'emergency daylight savings' during the war, proponents of proposition 12 are implying that we are not opposed to their measure. The California State Grange, Farm Bureau, Agricultural Council and every other 'bona fide' farm or dairy association in this state is on record now against this artificial daylight savings device because of the disastrous effects it will have on farm production. Nature has provided a time schedule for animal life as well as all things that come from the soil and no amount of clock tinkering will change this schedule. Only confusion can result."

On the other side of the controversy, Earle V. Grover, president of the Los Angeles junior chamber of commerce, said recently, "Twice in this decade, California has experienced daylight saving as an emergency measure. The great majority of Californians enjoyed and benefited from it, particularly during the summer months."

"With the problem of millions living in congested areas, summer daylight saving time gives the people an extra hour of daylight after they get home, thus increasing public health and industrial efficiency."

"California has the biggest automobile population and the highest traffic accident rate of any state. Safety leaders therefore recommend summer daylight saving time because it reduces traffic accidents."

Summertime daylight saving will reduce juvenile delinquency — and "past performance" records prove it!

After checking month-by-month files compiled by the records division of the Los Angeles county sheriff's office, William B. Coberly, Jr., serving as chairman of the Southern California Daylight Saving Committee, made this report.

"Because of daylight saving in 1948, there were 12,494 fewer complaints filed in all categories and 879 fewer juvenile delinquency cases handled during the first six months of the past fiscal year than were recorded through the last half of the same fiscal year without daylight saving."

"From July to December of 1948, California operated under daylight saving time as an emergency measure. When the state returned to standard time, both juvenile delinquency complaints and complaints in other categories increased noticeably."

If the state junior chamber of commerce — ten thousand members strong — has its way, Californians may have an added hour of evening daylight next year — from the last Sunday in April throughout the last Sunday in September. At least, their efforts in behalf of summertime daylight saving will give voters a chance to voice their opinions on the matter, come November 8.

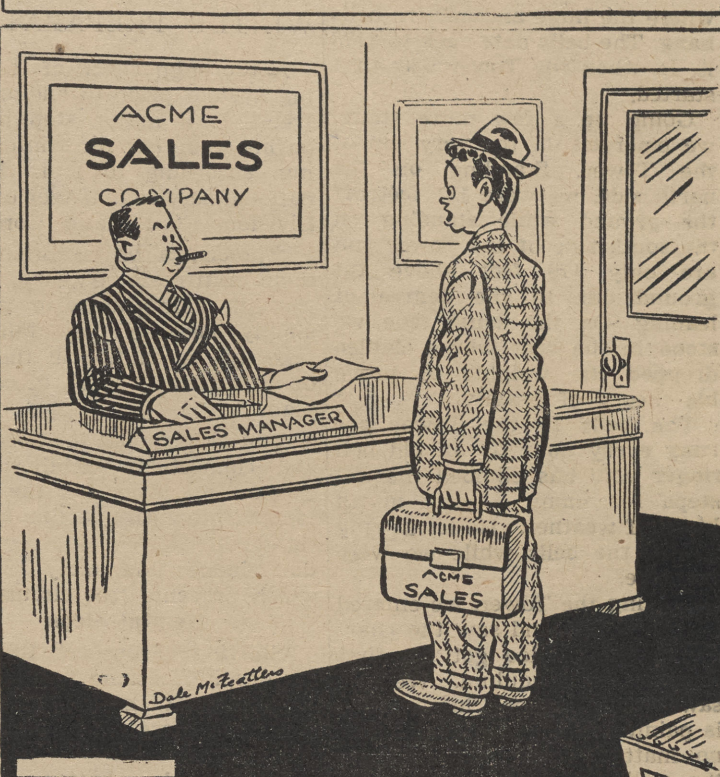

Television Set Awarded; Knott's Name Newspaper

"The Knotty Post" is the name of the new employees' newspaper now being published at Knott's Berry Farm. The title earned a portable Motorola television set for Mrs. Juliet Morris who manages the nursery flower shop at the farm.

The contest to select a name was announced in the first issue of the paper. One hundred and ninety entries were received and the attractive television set was displayed in the office of the

STRICTLY BUSINESS

by McFeatters

Grill. Judges who chose the name were Paul Von Klieben, L. M. Wilson and Paul Kroesen.

Seven names were given honorable mention by the judges who found it difficult to choose an appropriate name from so many varied suggestions. Those listed for special consideration were:

"The Berry Vine News," submitted by Robert Nelson; "It's 'Knott' News," by Stanley Patchet; "Knotty Knews," by Erma Grabau; "The Berryvine," by "Dude" Sands; "Berry Vine Reporter," by Helen Stringer and "Knott's Lamp Lighter" by Clem A. Ware.
